Technical Notice
TBM2G CE Certification

Kollmorgen has reviewed the CE requirements for marking the TBM2G Frameless Motor product line. After review and consultation, it is determined that the TBM2G is a parts set, and does not constitute a full motor until it is in the customer’s final assembly. Since the relevant standards only apply to complete motors, Kollmorgen cannot apply the CE mark to the product.

Product Identification
Product: TBM2G– Stator and rotor assemblies
Series: Kollmorgen TBM2G-NNNxx followed by numbers and letters.

Manufacturer
Kollmorgen Corporation
Address: 501 Main Street
Radford, VA 24141 - 4099
Country: USA

European Harmonized Standards
This product is designed to meet the following safety standards when properly installed in a final assembly.
EN 60034-1:2010 Rotating Electrical Machines - Part 1: Rating and performance
  This includes Safety and EMC requirements
EN 60034-18-1:2010 Rotating electrical machines - Part 18-1: Functional evaluation of insulation systems - General guidelines
  This includes use of a class F UL rated insulation system KM-155-T2G,
  UL File number E301483

CE mark is not applicable to the TBM2G part set.

These products comply with the Low Voltage Directive 2014/35/EU for installation in a machine. Safety depends upon installing and configuring the parts set into a motor per the manufacturer’s recommendations. The machine in which this product is to be installed must conform to the provisions of the EMC Directive 2014/30/EU. The installer is responsible for ensuring that the end product complies with the EMI requirements and all the relevant laws in the country where the equipment is installed.

Each part set has been designed, built, and tested to meet the requirements of EN 60034-1 as the most appropriate standard.
